

Vision 2030

ANNUAL REPORT

2023

“ Your country is witnessing a comprehensive and sustainable development movement, and it is proceeding in the second phase of the Kingdom’s Vision 2030, aiming to develop promising and new sectors, support local content, facilitate the business environment, empower citizens, engage the private sector and increase the effectiveness of implementation to achieve more success and progress, and meet the aspirations and ambitions of our people. ”

The Custodian of the Two Holy Mosques

King Salman bin Abdulaziz Al Saud

“ The remarkable progress and the comprehensive development witnessed by our nation today demonstrates a meticulously planned and exceptionally executed approach aligned with the Kingdom's Vision 2030. Under the guidance of the Custodian of the Two Holy Mosques, King Salman bin Abdulaziz Al Saud, the implementation of Vision 2030 programs is driving the nation towards boundless horizons of development.

**His Royal Highness
Prince Mohammed bin Salman bin
Abdulaziz Al Saud**

Crown Prince, Prime Minister,
Chairman of the Council of Economic and
Development Affairs

FOREWORD

Eight years into its ambitious journey, Saudi Arabia has achieved unprecedented progress through Vision 2030, delivering on its promise to build a thriving future for the Kingdom and its citizens.

Vision 2030 draws on the Kingdom's inherent strengths. With substantial capital resources, Saudi Arabia is investing in diversification and harnessing the potential of its young, growing population to build an environmentally sustainable economy that advances a high quality of life. This includes empowering the non-profit sector, facilitating homeownership, and equipping citizens with future-ready skills to compete globally. With its rich history and cultural heritage, Saudi Arabia is a leader in the Arab and Islamic world. Vision 2030 is deeply rooted in these intrinsic values, focusing on serving pilgrims and sharing the nation's abundant cultural legacy. Finally, the Kingdom's strategic location connecting three continents has enabled it to play a vital role in international trade.

Vision 2030 is designed to be delivered in phases. The first phase of Vision 2030 brought sweeping economic and structural reforms, establishing a foundation for national transformation. These reforms have set the stage for a successful shift towards a more diversified and robust economy. This progress has profoundly benefited citizens. It has unleashed a wave of opportunity, allowing them to channel their ambition and skills. Now in its second phase, Vision 2030 focuses on growth and opportunity across key

promising sectors. In the third phase, we will double down on initiatives that propel us forward, focusing on expanding the private sector and creating an attractive business environment. This approach is essential for securing our development goals, promoting further economic diversification, and sustaining the impact and benefits from the previous phases well into 2030 and beyond.

Vision 2030 has successfully grown a robust and diversified economy. The non-oil sector accounted for half of GDP in 2023 and the unemployment rate is already approaching the 2030 target. Four new special economic zones have attracted significant investments in the logistics sector, and small and medium-sized enterprises have experienced unprecedented growth. Additionally, the Kingdom has localized industries, such as automotive, military, and pharmaceuticals, including opening its first electric vehicle manufacturing plant. Recent mineral discoveries valued at approximately \$2.4 billion underscore Saudi Arabia's vast resource wealth. These developments have enabled Saudi Arabia to improve its standing in various international rankings and position itself as a global resource repository.

The Vision 2030 journey is far from over and is already exceeding expectations. Goals are being met ahead of schedule, paving the way for even more ambitious targets. Vision 2030 has evolved from a blueprint into a success story that continues to unfold, promising a brighter future for generations to come.

VISION REALIZATION PROGRAMS

Financial Sector Development Program

The program aims to create a thriving financial sector that stimulates financing, investment, and savings to promote economic growth and income diversification.

Fiscal Sustainability Program

This program has been set up to create a strong and adaptable financial system through structural fiscal reforms to ensure the Kingdom's long-term economic sustainability and the credibility of public finances.

Privatization Program

The objective of this program is to transform the Kingdom's healthcare sector to improve access and ensure comprehensive, high-quality, and integrated healthcare through digitization, innovation, financial sustainability, and private sector investment.

Health Sector Transformation Program

This program provides housing solutions that enable Saudi families to own homes.

Housing Program

The program focuses on equipping Saudi citizens with the skills and capabilities needed to meet the evolving demands of the labor market. It emphasizes education, training, and lifelong learning to drive national development.

National Transformation Program

The focus of this program is transforming Saudi Arabia into a leading industrial powerhouse and a global logistics hub. It targets the development of four key sectors: industry, mining, energy, and logistics.

National Industry Development & Logistics Program

This program has played a central role in transforming Saudi Arabia since the launch of Vision 2030. Aimed at creating a diversified, innovative, and world-leading nation, the program covers a wide range of themes, including empowering the private sector, accelerating digitization, achieving government excellence, and developing economic partnerships.

National Transformation Program

The program upholds the Kingdom's dedication and service to the Two Holy Mosques and pilgrims, providing the finest services, facilitating their spiritual journey, and enriching their experience.

Pilgrim Experience Program

The focus of this program is strengthening the private sector by providing access to government assets and boosting service delivery. It aims to enhance service quality, cost savings, economic diversity, and growth, and increase competitiveness for the Kingdom.

Public Investment Fund Program

This program strengthens the role of the Public Investment Fund in diversifying the economy and transforming Saudi Arabia into a global investment powerhouse. It seeks to boost new sectors and opportunities for growth.

Quality of Life Program

Lifestyles are enhanced through this program, which develops an environment that promotes participation in cultural, entertainment, and sports activities. This program aims to improve overall well-being and happiness.

OVERVIEW OF VISION 2030 PERFORMANCE

Since its launch, Vision 2030 has focused on sustainable development and long-term planning to ensure prosperity for all. Over the past year, significant progress has been made, supported by the Kingdom's vast resources, diverse investments, skilled workforce, and the government's confidence in its citizens.

Vision 2030 has brought significant changes across sectors, including entertainment, sports, tourism, culture, digital services, and social empowerment. While some sectors have grown rapidly, others, such as mining and renewable energy, are still developing. Progress is being made through policy and regulatory reforms to attract foreign direct investments and boost private sector involvement.

Today, the Kingdom has a strong, diversified economy with new, rapidly growing sectors. These sectors have boosted non-oil revenues, created jobs, and achieved targets ahead of schedule. These achievements have broadened horizons and ambitions, positioning the Kingdom as a hub of opportunities.

Vision 2030 has strengthened the Kingdom's regional and global standing by fostering cooperation for security and stability, while supporting ongoing economic growth and innovation.

OVERVIEW OF THE ECONOMIC LANDSCAPE

The Saudi economy is robust, with non-oil GDP at its highest level.

GDP of Non-Oil Activities

Non-oil GDP hit a record high in 2023, contributing

 **50%**

to real GDP, with a 4.7%* growth rate.

Real GDP

Real GDP fell by

 **0.9%**

in 2023 compared to 2022, due to a 9.2% decline in non-oil activities, but diversification helped cushion the impact, as non-oil GDP reached a record high.

Unemployment Rate

The unemployment rate for Saudis dropped to an all-time low of

 **7.7%**

in 2023, down from 8% in 2022. The 2030 target is 7%.

Inflation Rate

Inflation decreased to

 **1.6%**

in 2023, down from 3.1% in 2022.

*4.7% based on constant prices in 2010; 4.4% based on chain-linking methodology.

OUTSTANDING PERFORMANCE ACROSS PILLARS

In 2023, Vision 2030 continued transforming the Kingdom, surpassing several targets across all pillars.

VIBRANT SOCIETY

Significant progress has been made in fostering a vibrant society characterized by enhanced prosperity, societal well-being, and a higher quality of life. This has been achieved through promoting Islamic values, national identity, improved services for pilgrims, and enhancing essential services such as healthcare, moving the Kingdom closer to its vision of becoming a top global destination.

The number of Umrah pilgrims rose by 7.36 million to

↑ 13.56M
pilgrims

achieving the highest number of pilgrims from outside the Kingdom and surpassing the 2023 target of 10 million Umrah pilgrims.

Average life expectancy increased by approximately one year, reaching

↑ 78.10 years

up from 77.06 years in 2017.

Saudi homeownership has increased by 16.7% since 2016, reaching

↑ 63.74%

surpassing the 2023 target of 63%.

THRIVING ECONOMY

Vision 2030 is driving a dynamic future for the Kingdom's economy. Vision 2030 focuses on diversifying the economy by developing new sectors to ensure a sustainable future and safeguard natural resources. Vision 2030 also recognizes the importance of investing in a skilled workforce to thrive in this new economic landscape.

Non-oil GDP hit a record high in 2023, contributing

↑ **50%**

to real GDP, with a 4.7%* growth rate.

PIF's assets under management grew from \$556 billion in 2016 to

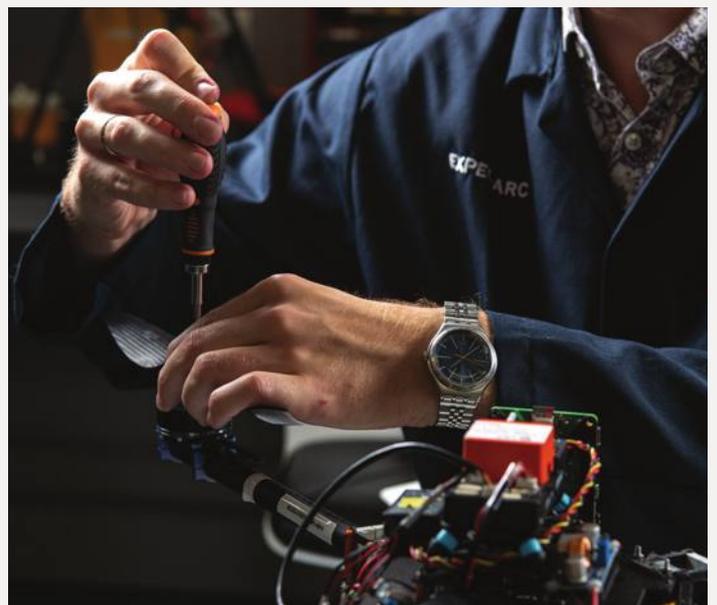

↑ **\$748B**

in 2023, surpassing the 2023 target of \$720 billion.

The unemployment rate for Saudis dropped to

↑ **7.7%**

from 12.3% in 2016, surpassing the 2023 target of 8%.

*4.7% based on constant prices in 2010; 4.4% based on chain-linking methodology.

AN AMBITIOUS NATION

Vision 2030 focuses on creating a more effective, efficient, and transparent government. This involves streamlining processes, increasing accountability, and empowering citizens to realize their aspirations and take ownership of their future. By fostering individual responsibility, the Kingdom is building a vibrant society and a thriving economy that benefits all, while positioning Saudi Arabia as a global leader and an influential player on the world stage.

Ranking in the Government Effectiveness Index has increased by approximately

since 2016, reaching 70.8 points in 2022, surpassing the target of 60.7 points for 2023.

Non-oil government revenues have increased by \$77.6 billion since 2016, reaching

this covered 35% of total budget expenditures for 2023, estimated at \$345 billion.

The number of volunteers has increased by more than 800,000 since 2016, reaching

surpassing the target of 670,000 volunteers for 2023.

OVERVIEW OF PROGRESS ON L1 & L2 KEY PERFORMANCE INDICATORS (KPIs)

As Saudi Arabia progresses beyond the halfway mark of Vision 2030, significant strides have been made in achieving both first- and second-level KPIs, with many targets already surpassed. This progress has led to the revision of targets to be more ambitious, particularly in reducing unemployment and increasing female labor force participation. Efforts are also being intensified to address any delays in interim goals to ensure timely completion.

We are now in the second phase of Vision 2030, focused on strategic planning, advanced measurement tools, and specialized technical expertise. Collaborations with international organizations are enhancing quarterly performance monitoring by incorporating best practices. As a result, many indicators are being updated with more precise metrics to better track progress, support socioeconomic transformation, and ensure the successful realization of Vision 2030's objectives.

A VIBRANT SOCIETY

Promoting Islamic values and national identity

Indicator	Baseline	Actual Value	2023 Target	2030 Target
Total annual umrah pilgrims from outside the Kingdom. (millions)	6.2	13.56	10	30

KPIs exceeded the 2024 and 2025 targets

PROGRESS OF TRANSFORMATION

Saudi Arabia's economic transformation under Vision 2030 is a testament to the country's commitment to building a diversified and sustainable economy. This transformation has been fueled by a comprehensive reform of economic policies and significant strategic investments.

A key element of this success has been the strategic allocation of investments into high-potential sectors, such as manufacturing, technology, tourism, renewable energy, mining, and logistics. Vision 2030 has also prioritized fostering entrepreneurship and innovation by providing essential infrastructure, facilitating access to resources, and offering financing options to startups and

innovative companies. These efforts aim to enhance their competitiveness and growth, both nationally and globally.

The Kingdom's leadership has played a pivotal role in this transformation, implementing bold structural reforms to improve transparency, streamline the business environment, and boost investor confidence. These reforms have successfully attracted increased domestic and foreign direct investment.

As a result of this comprehensive approach, Saudi Arabia's economy has flourished, improving the quality of life for its citizens, creating more opportunities, and positioning the Kingdom as a global leader.

A FAST GROWING ECONOMY

A Thriving Non-oil Economy

Vision 2030 has driven a remarkable economic transformation in Saudi Arabia, fueling diversification and sustainability. Key sectors like manufacturing, technology, tourism, renewable energy, mining, and logistics are at the forefront, with a strong focus on entrepreneurship and innovation.

Saudi Arabia's non-oil economy achieved historic milestones:

Non-oil Activity Contribution to Budget

GDP Growth Over the Years

Year	Value (billion)	Growth %
2016	\$709	2.4%
2017	\$708	-0.1%
2018	\$728	2.8%
2019	\$734	0.8%
2020	\$702	-4.3%
2021	\$732	4.3%
2022	\$796	8.7%
2023	\$790	-0.9%

Non-oil Revenue Growth Journey

Year	Value (billion)
2016	\$49.5
2017	\$68.3
2018	\$78.4
2019	\$88.7
2020	\$98.3
2021	\$107
2022	\$109
2023	\$122

*GDP at constant prices 2010

LOWEST RATES OF INFLATION AMONG G20 COUNTRIES

Despite global inflation, Saudi Arabia has the lowest inflation rates among G20 nations. Proactive measures have kept prices stable, allowing the Kingdom to pursue policies that accelerated economic diversification, benefiting both the private sector and society as a whole.

1.6%

inflation rate in Q4 2023 compared to 3.1% in Q4 2022

POSITIVE AND STABLE CREDIT RATINGS

Saudi Arabia has received positive credit ratings with stable outlooks from major agencies like Fitch, Moody's, and S&P. These ratings reflect the Kingdom's effective economic diversification reforms, strong financial management, low public debt, and commitment to sustainable development.

Fitch Rating

- The Kingdom's credit rating has been upgraded to "A+" with a stable outlook.

Moody's Rating

- The Kingdom's credit rating stands at "A1", with an outlook revised from "stable" to "positive".

Standard & Poor's (S&P) Rating

- The Kingdom's local and foreign currency sovereign credit ratings have been confirmed at "A/A-1" with a stable outlook.

THE KINGDOM RANKED TOP 20 MOST COMPETITIVE ECONOMY

The Kingdom is one of the top 20 most competitive economies. In 2023, Saudi Arabia ranked 17th in the IMD World Competitiveness Yearbook, rising seven places and outperforming economies like South Korea, France, Japan, the UK, and China. Key rankings include:

◆ **6th**
globally in economic performance

◆ **3rd**
among G20 countries and 5th globally in the Financial Market Index

◆ **3rd**
among G20 countries in overall performance

◆ **2nd**
globally in the Cybersecurity Index

◆ **34th**
globally in business efficiency

◆ **13th**
globally in business efficiency

◆ **11th**
globally in government efficiency

THE PIF IS A LEADING INVESTMENT POWERHOUSE

The Public Investment Fund (PIF), a key driver of Saudi Arabia's economic diversification, manages a diverse portfolio in high-growth sectors. These investments foster innovation, infrastructure, and global economic ties, making the PIF a global leader in emerging trends.

\$749_B

Total assets under management in 2023, up from 2 trillion in 2022.

93

Number of companies in the PIF's portfolio, up from 71 in 2022.

644_K

Direct and indirect jobs generated by the fund, up from 500,000 in 2022.

The PIF aims to empower the private sector and support domestic growth, launching three private sector initiatives at its Private Sector Forum:

◆ **MUSAHAMA Program**

This program enhances local content and private sector competitiveness.

60%

Targeted share of local content across the PIF and its portfolio companies.

◆ **Supplier Development Program (SDP)**

The SDP builds long-term partnerships between PIF companies and local businesses, aiming to upskill local suppliers to meet the growing demands of PIF companies.

100+

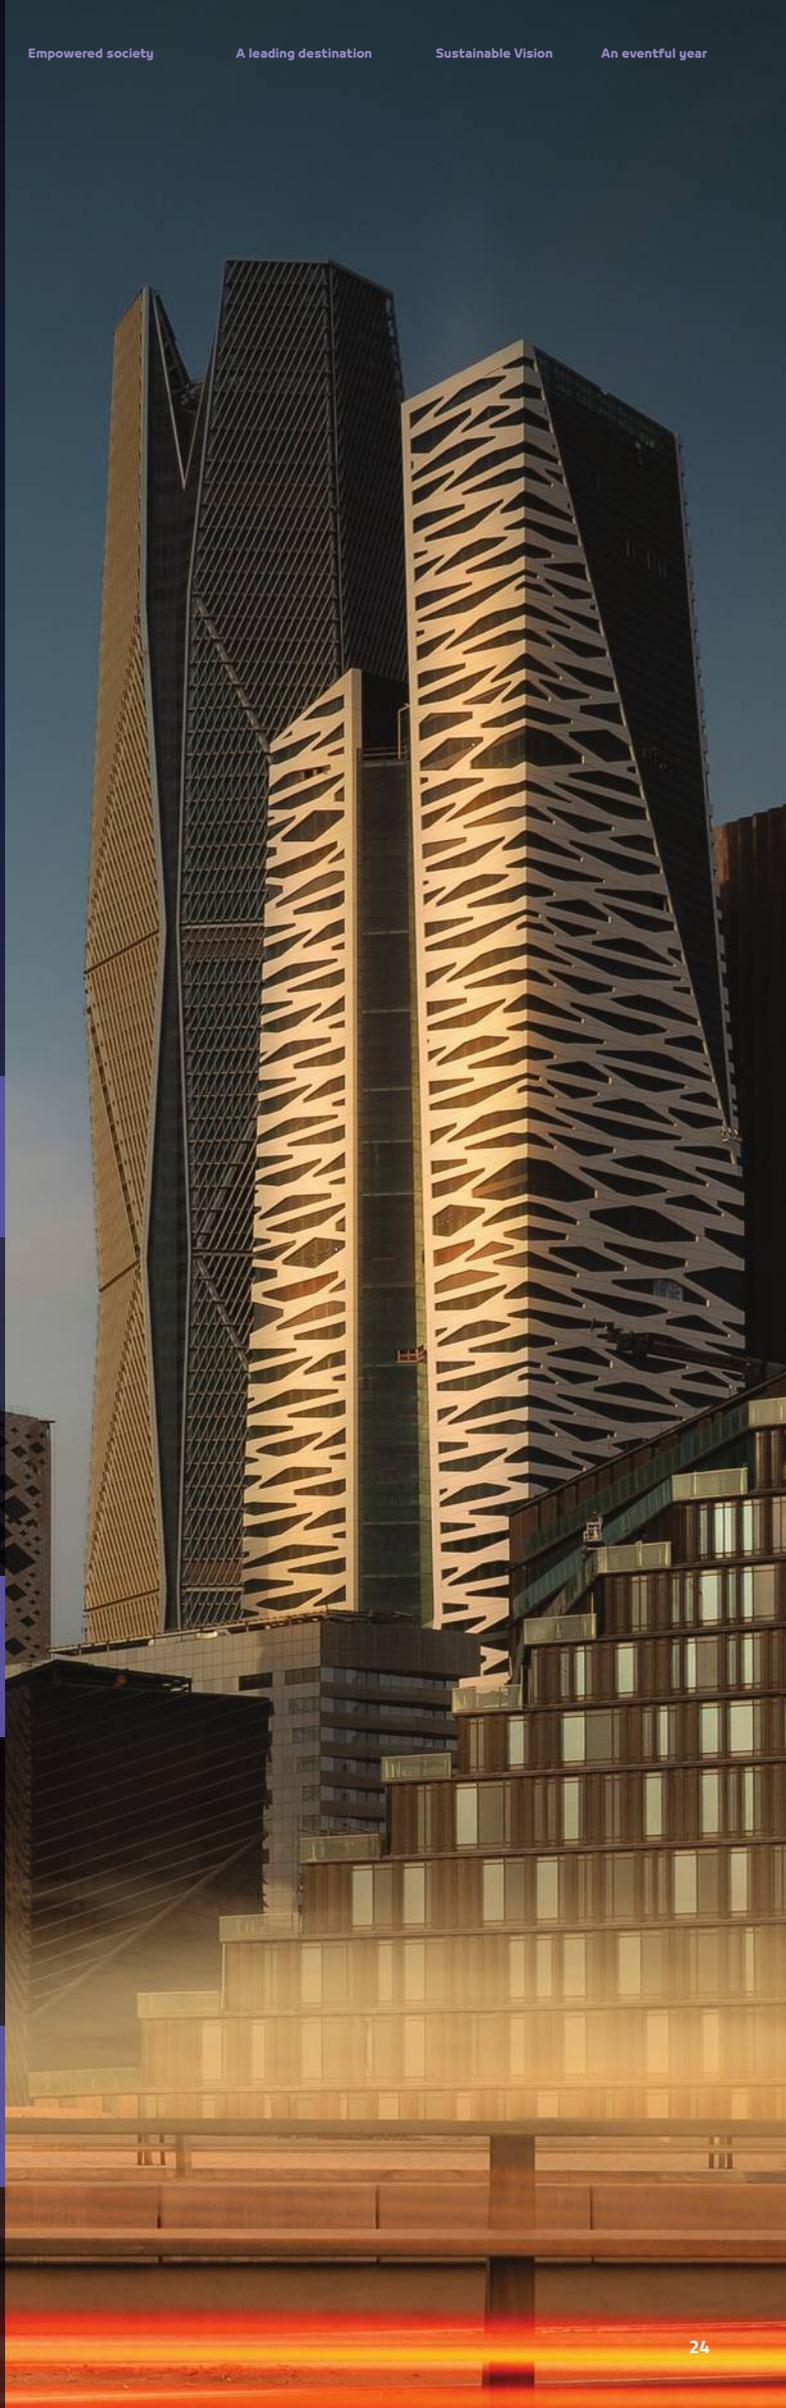

Saudi companies secured collaborative opportunities with PIF portfolio companies.

◆ **Private Sector Hub**

This initiative serves as a platform for connecting private companies with PIF investment opportunities to promote their involvement as investors, partners, and suppliers.

200+

Investment opportunities have been facilitated, valued at more than \$5.33 billion.

REMARKABLE LEAPS IN THE LOGISTICS SECTOR

Under Vision 2030, the Kingdom has enhanced its logistics sector, leveraging its strategic location to become a leading logistics hub. This has yielded tangible results, creating jobs, attracting investments, and diversifying the economy.

INDUSTRY LOCALIZATION AND RESILIENCE

Developing local industry is a cornerstone of Vision 2030. The Kingdom's strong manufacturing sector is boosted by various initiatives aimed at increasing local content in government procurement, driving domestic production. These efforts have enhanced the sector's resilience and growth, with industrial investments reaching \$400 billion by Q3 2023.

SECOND INDUSTRIAL CITY IN ASIR

The Second Industrial City, spanning 17.3 million m², has been launched in the Asir region to meet industrial demand and generate jobs. It seeks to build on the success of the First Industrial City, which reached over 95% occupancy across 2.7 million m² by the end of 2023.

MINING IS THE THIRD PILLAR OF THE SAUDI ECONOMY

Saudi Arabia is set on becoming a mining powerhouse, essential for fueling the Kingdom's expanding industries. In 2023, the sector generated over \$410 million in revenue, with its GDP contribution expected to rise from \$17 billion to \$75 billion by 2030, creating numerous high-quality jobs. Business-friendly initiatives, such as the Mining Investment Law, have spurred growth by simplifying the licensing process.

Rare Minerals and Standard Revenues

The geological survey program has been completed, covering over 30% of the Arabian Shield. As a result, the estimated value of mineral wealth has risen from \$1.31 trillion in 2016 to over \$2.5 trillion, including new discoveries of phosphate, gold, and rare metals.

UNLOCKING INVESTMENT POTENTIAL

In a strategic decision, 4% of Saudi Aramco shares were transferred from state ownership to Sanabil Investments, a PIF subsidiary. This move is designed to bolster the national economy by creating new investment opportunities, increasing PIF's returns, and enhancing its financial strength and credit rating.

AN ATTRACTIVE INVESTMENT ENVIRONMENT

The Kingdom presents a wealth of investment opportunities across key sectors, backed by its strategic location, rich natural resources, robust investment infrastructure, and ongoing economic reforms. These advantages position the Kingdom as a prime destination for investors.

Privatization for Enhanced Competitiveness

Privatization is crucial for expanding the private sector's role in delivering services, enhancing service quality, and optimizing asset use. By lowering government costs, privatization allows the government to concentrate on legislative and regulatory roles, while encouraging private-sector innovation. This approach fuels economic diversification and boosts competitiveness.

Privatization Projects in 2023

Commercial closure of 28 contracts in seven target sectors

PRIVATIZATION OF SPORTS CLUBS

Saudi Arabia's sports scene is poised for major transformation with the launch of a privatization initiative for sports club privatization and investment. The development signifies a pivotal moment for the private sector to accelerate the growth of the sports industry. Underpinned by three key objectives, the initiative aims to:

- ◆ **Create an attractive investment environment:** This will draw private capital and expertise to the sector.
- ◆ **Enhance professionalism:** Improved management practices will elevate the overall experience for athletes, fans, and sponsors.
- ◆ **Strengthen governance:** Stronger financial and administrative controls will ensure the long-term sustainability of clubs.

The initiative will be carried out through two main avenues: acquisition of clubs by large corporations and entities, and the privatization of select clubs. These measures will help foster the leadership and excellence of national teams, sports clubs, and athletes.

The Kingdom's share of the total market in the MENA region

A 2023 report by MAGNiT names Saudi Arabia as the top destination for venture capital investment in the MENA region. This recognition reflects the Kingdom's sustained commitment to building a vibrant entrepreneurial ecosystem. By fostering a supportive environment for startups and VC investments, Saudi Arabia is driving private-sector growth and unlocking new economic opportunities.

MODON

AWARD-WINNING INNOVATION

Modon, the Saudi Authority for Industrial Cities and Technology Zones, was honored with the prestigious “MEED Projects Awards 2023” for the most impactful project in the Middle East. This award recognizes Modon’s innovative efforts in designing and developing the infrastructure of industrial and commercial zones within Modon Oasis in Jeddah. These initiatives highlight the Kingdom’s dedication to building world-class industrial cities that attract significant investments and meet the evolving needs of businesses and investors.

AN ATTRACTIVE DESTINATION FOR GLOBAL INVESTMENT

The Kingdom's diverse, growth-driven initiatives have cultivated a thriving investment landscape across multiple sectors, reinforcing global confidence in the strength of Saudi Arabia's economy. Foreign investment plays a crucial role in boosting the private sector, driving GDP growth, creating jobs, and enhancing the quality of life. In 2023, foreign investments reached 2.4%* of GDP, successfully meeting the year's target.

ATTRACTING INVESTORS ACROSS SEZS

The establishment of four new special economic zones in Riyadh, Jazan, Ras Al-Khair, and King Abdullah Economic City near Jeddah reflects a focused effort to attract global investment. These zones provide a supportive environment with investment-friendly policies and competitive advantages, enhancing the Kingdom's global appeal. With over \$8 billion in investments and eight agreements signed with government agencies, these zones are set to create new jobs, localize technology, and improve the quality of life.

4 New SEZs attracting over \$8 billion in investments

RIYADH EMERGES AS A REGIONAL HUB FOR GLOBAL BUSINESSES AND INVESTORS

A series of reforms and initiatives have been introduced to improve the ease of doing business and investing in Saudi Arabia, making the Kingdom an increasingly attractive destination for foreign businesses and investors. By streamlining procedures through the e-services portal, Riyadh successfully attracted over 200 international companies to establish regional headquarters in the capital by the end of 2023—a significant step towards the goal of hosting 500 headquarters.

The number of foreign investment licenses also surged, with over 8,500 regional center licenses granted to international companies by year-end. These Kingdom is committed to building a world-class business environment, driving economic diversification, attracting foreign investment, and increasing the private sector's contribution to GDP and job creation.

Mubarak shares his story

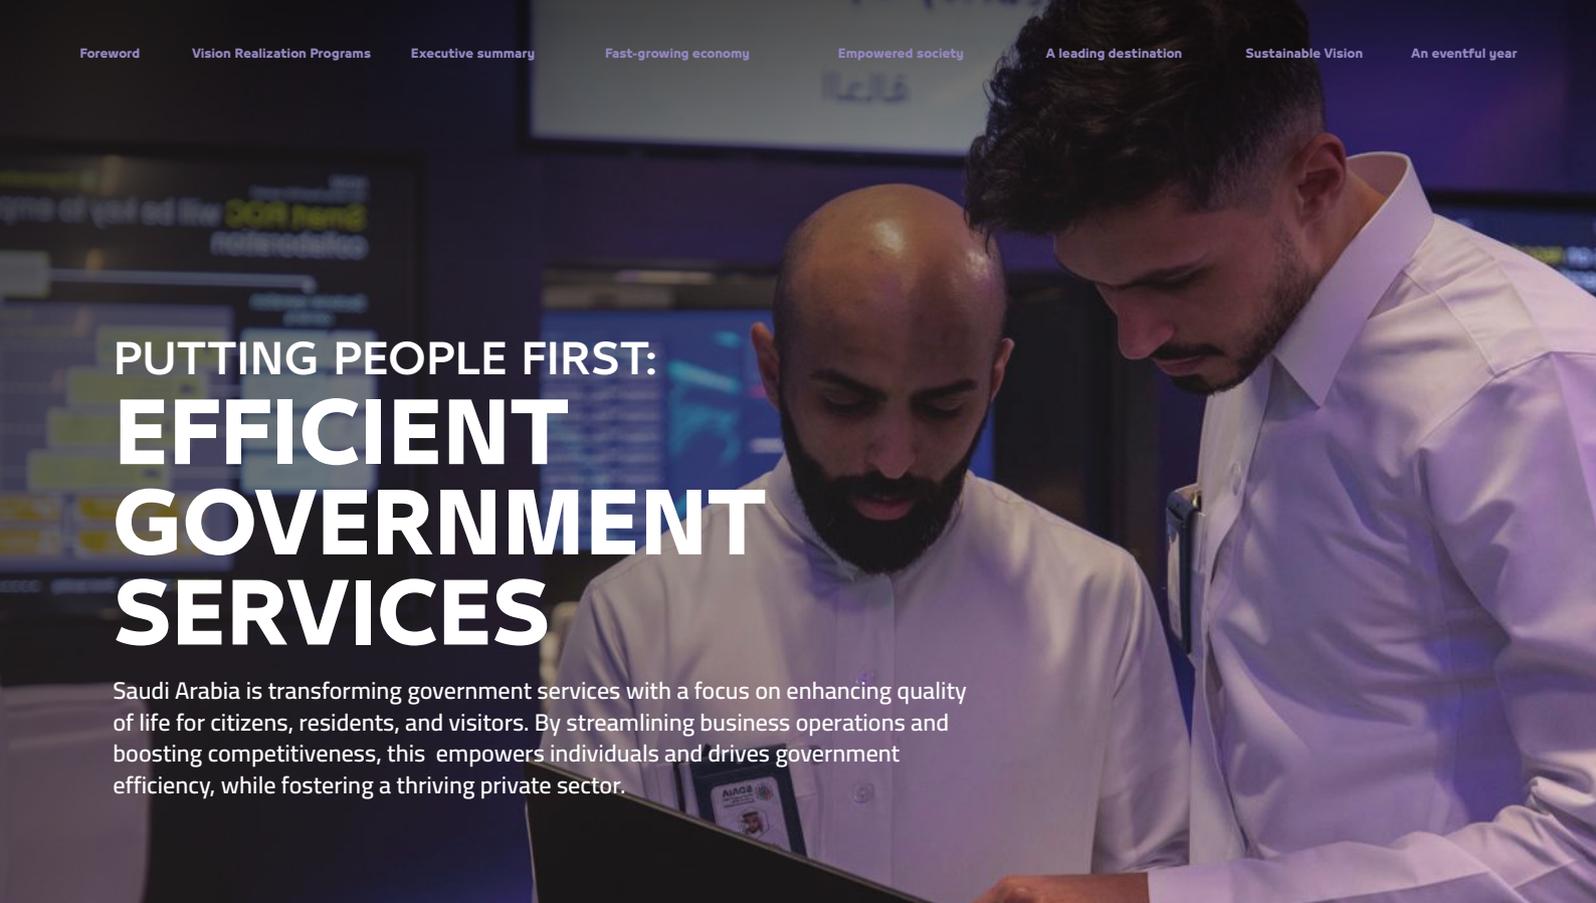

EMPOWERED SOCIETY

Vision 2030 is creating a vibrant society with a high quality of life and strong social infrastructure, where all citizens are empowered to thrive and pursue their passions, contributing to driving the Kingdom's transformation. Under Vision 2030, Saudi Arabia prioritizes education, cultural heritage, and the rule of law, fostering harmony and progress across all segments of society.

Recognizing the young population's potential, Vision 2030 champions initiatives that unlock their capabilities and ambitions. Unique growth opportunities are provided in new fields, like aerospace, tourism, technology, and

entertainment, to empower young Saudis to pursue their passions, enable their achievements, and foster a sense of belonging and social responsibility.

At the core of Vision 2030 lies a commitment to the health and well-being of all citizens. This includes efficient government services, promoting healthy and sustainable lifestyles, and community empowerment. By strengthening these foundations, Vision 2030 lays the groundwork for economic prosperity and positions Saudi Arabia as a future global leader.

PUTTING PEOPLE FIRST: EFFICIENT GOVERNMENT SERVICES

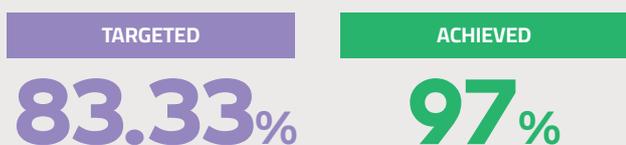

Saudi Arabia is transforming government services with a focus on enhancing quality of life for citizens, residents, and visitors. By streamlining business operations and boosting competitiveness, this empowers individuals and drives government efficiency, while fostering a thriving private sector.

DIGITIZATION AND TRANSPARENCY

The Kingdom's justice system has evolved significantly by embracing digitization and automation, moving beyond traditional methods to address challenges directly. These improvements have enhanced the delivery of justice, increased transparency, and raised satisfaction levels among citizens and residents.

Satisfaction with judicial services

HOMEOWNERSHIP: A KEY SUCCESS STORY OF VISION 2030

Families are the cornerstone of a vibrant society, and Saudi Arabia is committed to supporting their aspirations for homeownership. Under Vision 2030, the Kingdom has reformed the real estate market, introduced targeted regulations, and launched initiatives to expand real estate financing and increase the availability of high-quality, affordable housing. The remarkable rise in homeownership has been a key success, driving progress in the sector and addressing challenges within the housing market.

EXPANDING HOMEOWNERSHIP OPPORTUNITIES

The Housing Program has launched several initiatives aimed at expanding housing choices and improving financing options, making it easier for Saudi families to achieve their goal of owning a home. These efforts are designed to enhance the quality of life by ensuring that more families have access to suitable and affordable housing.

A FLOURISHING NON-PROFIT SECTOR

Saudi Arabia's non-profit sector has a deep history rooted in values that emphasize helping those in need. Since the 1950s, it has played a crucial role in supporting local communities. Vision 2030 has further amplified the sector's significance, driving its accelerated growth.

A key to recent successes has been the adoption of online platforms, which have made it easier for donors to connect with beneficiaries and charitable organizations. Innovative charity initiatives, diverse donation methods, and a growing culture of philanthropy among Saudis have led to a substantial increase in contributions.

THE SPIRIT OF VOLUNTEERISM

Vibrant communities are built upon the dedication of volunteers. In Saudi Arabia, volunteerism is a cornerstone of society, deeply rooted in values, cultural norms, and the goals of Vision 2030. This commitment to giving back creates a ripple effect, inspiring young people to engage in philanthropic causes and contribute to the Kingdom's well-being. To empower volunteers, the Kingdom fosters a safe and supportive environment by enhancing collaboration between volunteer organizations and beneficiaries. Additionally, the National Volunteer Portal streamlines volunteer deployment across the country, maximizing their impact.

FOSTERING A VIBRANT AND SUSTAINABLE COMMUNITY

The government, in partnership with the community, is dedicated to enhancing the quality of life and well-being of all citizens. By offering diverse opportunities across various sectors, they aim to boost individual and societal engagement in artistic, cultural, and athletic activities. These efforts are creating balanced, livable urban spaces, fostering innovation in emerging sectors, and expanding economic opportunities that enrich lives across Saudi cities.

TRANSFORMING URBAN SPACES

The Bahja Project is focused on improving the quality of life by revitalizing underutilized urban spaces, turning them into vibrant and dynamic areas. This initiative includes the development of parks and targeted urban interventions in cities and residential areas, contributing to a more livable environment.

LAUNCH OF THE KINGDOM'S LARGEST INTERCITY BUS NETWORK

This groundbreaking initiative, led by three international alliances, offers an eco-friendly and efficient transportation solution for citizens. The project spans three concession areas, linking over 200 cities and governorates through 76 routes. A new fleet of advanced buses is expected to serve around 6 million passengers annually, enhancing connectivity across the nation.

EDUCATION AND TRAINING: FOUNDATIONS FOR INNOVATION

Education plays a pivotal role in the transformation. The primary objective is to reform the educational system comprehensively, empowering students to reach their full potential and align with the evolving needs of the labor market. This transformation includes developing a robust and adaptable educational framework, emphasizing technical and vocational education, fostering creativity and innovation, and ensuring the necessary resources and investments are in place. The ultimate goal is to cultivate a skilled and innovative generation that will drive sustainable development and prosperity for the Kingdom.

SAUDI ARABIA COLLABORATES ON GLOBAL CANCER RESEARCH

Saudi Arabia has joined the International Agency for Research on Cancer, reinforcing its commitment to advancing research and treatment in healthcare to deliver world-class public health.

'SEHHATY' PLATFORM REVOLUTIONIZES HEALTHCARE ACCESS

The 'Sehhaty' platform has reshaped the healthcare system in Saudi Arabia by offering a comprehensive suite of digital services that significantly enhance the patient experience. With just a few clicks, users can book appointments, access medical prescriptions and reports, and utilize various other healthcare services—all at their fingertips.

30M+ Users have benefited from the platform

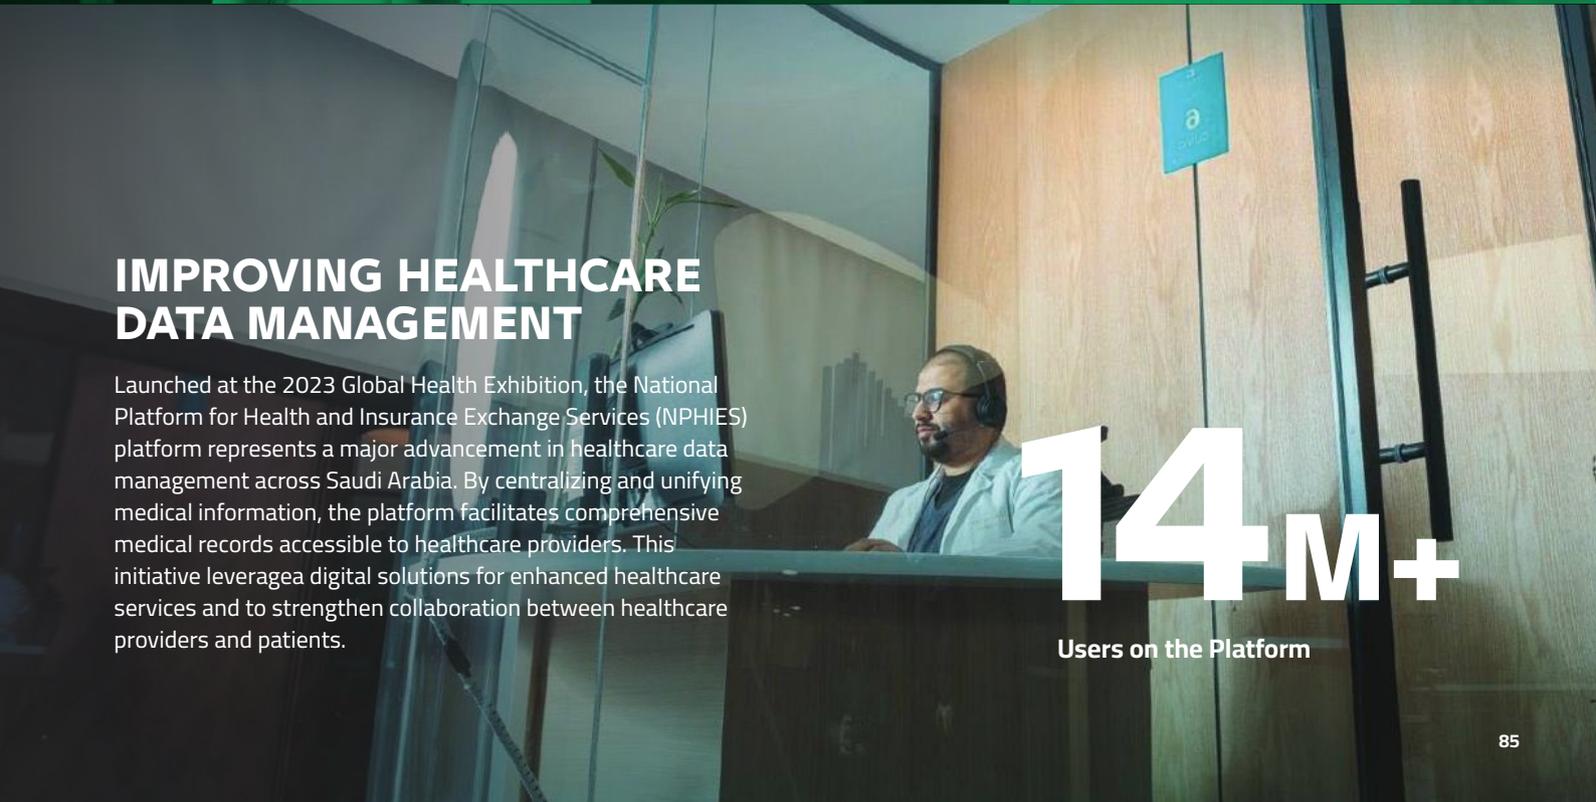

PERSONALIZED HEALTHCARE FOR INDIVIDUALS AND FAMILIES

The "family physician for every family" model, a key feature of the 'Sehhaty' Platform, brings personalized healthcare directly to patients. This approach offers both preventive and therapeutic care, enhancing the quality of primary healthcare centers and their services for families, ultimately improving public health across the Kingdom.

FIRST SUCCESSFUL SYNCARDIA TOTAL ARTIFICIAL HEART TRANSPLANT

Saudi Arabia has reached a significant medical milestone by successfully performing the Kingdom's first SynCardia total artificial heart transplant on a 28-year-old patient at the King Abdulaziz Medical City in Riyadh, a subsidiary of the Health Affairs of the Ministry of National Guard. This groundbreaking surgery highlights the Kingdom's dedication to providing cutting-edge medical treatments and advancing healthcare services for its citizens.

PIONEERING NEW TECHNIQUES IN HEART DISEASE TREATMENT

Saudi doctors at Prince Sultan Military Medical City are leading the way in innovative heart disease treatments. They are employing an advanced pulse-field ablation technique, specifically designed to treat atrial fibrillation. This cutting-edge approach uses high-amplitude pulsed electrical fields to improve patient outcomes.

The Innovative Approach Aims to:

- ◆ **Reduce Strain on Healthcare Systems:** Expanding the capacity for more operations.
- ◆ **Minimize Follow-up Visits:** Streamlining patient care and reducing the need for multiple follow-up appointments.
- ◆ **Enhance Medical Services:** Providing improved care through advanced treatment techniques.
- ◆ **Shorten Surgery Times:** Reducing the duration of operations, leading to quicker recovery times for patients.

PROMOTING HEALTHY AND ACTIVE LIFESTYLES

Saudi Arabia is committed to fostering a healthy and active society that enhances the well-being of its citizens. The Kingdom has made significant strides in developing the sports sector, with a particular emphasis on engaging youth and encouraging physical activity. Through initiatives aimed at promoting fitness and nurturing local athletic talent, Saudi Arabia is empowering its citizens to embrace a more active lifestyle, ultimately contributing to a healthier, more vibrant society.

Sarah Tells Her Story

A KINGDOM WHERE TRADITION FUELS PROGRESS

Under Vision 2030, Saudi Arabia is establishing itself as a dynamic hub where deep-rooted traditions drive forward-looking progress. A key focus has been enhancing the pilgrimage experience for visitors, investing significant resources to ensure that traditions are honored while offering modern conveniences. The Kingdom has streamlined pilgrimage procedures, expanded services, and empowered Pilgrims in their spiritual journey.

The tourism and cultural sectors have seen substantial growth, opening Saudi Arabia to the world. This progress includes ongoing archaeological and historical site preservation efforts, with numerous sites recognized on the UNESCO World Heritage List. Additionally, the tourism sector is thriving with simplified entry procedures and a diverse array of cultural, entertainment, and sporting events that attract visitors from across the globe.

WELCOMING PILGRIMS WITH GENUINE HOSPITALITY

Saudi Arabia extends a warm welcome to pilgrims from around the globe, ensuring they can perform their rituals with ease. Through various initiatives that embody the Kingdom's authentic culture of hospitality, pilgrims are supported in fulfilling their spiritual journeys smoothly and with comfort.

RECORD-BREAKING UMRAH PILGRIMS

The Kingdom has witnessed an unprecedented increase in the number of Umrah pilgrims from abroad, reaching 13.56 million. This achievement underscores Saudi Arabia's unwavering commitment to channeling all its resources to serve pilgrims, reflecting the nation's deep-rooted values of hospitality. Through numerous initiatives, the Kingdom continues to enhance and enrich the pilgrimage experience, ensuring that each pilgrim's journey is facilitated with care and devotion.

THE KINGDOM PREPARING TO HOST 2034 FIFA WORLD CUP

Building on its proven success in hosting major international sporting events, Saudi Arabia is proud to bid for the 2034 FIFA World Cup. This bid has garnered strong support from football federations worldwide, underpinned by a passion for the game and a commitment to excellence. Highlighting the Kingdom's ambitious vision, the bid showcases a robust sports transformation agenda, investment in human capital, and a focus on youth empowerment. Saudi Arabia is committed to delivering world-class sports, tourism, and public infrastructure, driving economic and social growth in the process. This 2034 World Cup will feature 48 teams for the first time in the tournament's history.

The Kingdom's bid is anchored on three main pillars to deliver an exceptional tournament experience for everyone:

Growing. Together.

**Growing Connections.
Together.**

**Growing Football.
Together.**

**Growing People.
Together.**

SAUDI ARABIA'S MEMBERSHIP IN THE INTERNATIONAL MARITIME ORGANIZATION COUNCIL

Saudi Arabia's maritime transport sector has seen substantial advancements, bolstered by its strategic focus on national transportation, logistics, and environmental sustainability. The Kingdom has secured a seat on the International Maritime Organization (IMO) Council for 2024–2025, earning 143 votes during the elections held in London.

INAUGURATION OF THE FIRST AIRPORTS COUNCIL INTERNATIONAL OFFICE IN RIYADH

The first Airports Council International (ACI) office for Asia-Pacific and the Middle East has been inaugurated in Riyadh, marking a significant milestone in Saudi Arabia's aviation sector. This office underscores the Kingdom's commitment to enhancing international aviation connections, as well as its strategic efforts in strengthening national transportation and logistics networks.

SAUDI ARABIA RE-ELECTED as President of the Executive Council of the UN World Tourism Organization

Saudi Arabia has been re-elected as President of the Executive Council of the UN World Tourism Organization, reaffirming its commitment to leading global tourism. This re-election follows a successful first term characterized by Saudi-led initiatives that have made a significant impact on both local and international levels.

The Kingdom in the World Tourism Organization

Saudi Arabia has made substantial contributions to promoting and deepening international cooperation in the tourism sector.

Pioneering The Future of Tourism

Saudi Arabia is at the forefront of redesigning the future of tourism, co-leading the task force in collaboration with Spain.

First United Nations General Assembly in Saudi Arabia

In 2025, the Kingdom will host the 26th session of the General Assembly of the World Tourism Organization.

LANDMARK ACHIEVEMENTS IN TOURISM

Saudi Arabia's rich cultural heritage and strategic location, connecting Asia, Europe, and Africa, have positioned it as a global tourist destination. Since the launch of Vision 2030, the Kingdom has leveraged these advantages by developing its tourism infrastructure and showcasing its diverse landscapes. These efforts have led to a significant surge in the tourism sector, drawing both domestic and international visitors.

RED SEA WELCOMES TOURISTS

In 2023, the Red Sea project welcomed its first guests, offering a diverse array of experiences, from watersports and diving to inland exploration. Marking a historic milestone for the Kingdom, the Red Sea International Company has been licensed to operate seaplane flights. Additionally, the Red Sea International Airport exemplifies the Kingdom's commitment to sustainability, being powered entirely by renewable energy.

RED SEA GLOBAL JOINS WORLD TRAVEL AND TOURISM COUNCIL (WTTC)

Red Sea Global (RSG) has secured membership in the World Travel and Tourism Council (WTTC), solidifying its position on the global tourism stage. This membership enables RSG to share expertise and best practices in its ambitious projects, including the "Red Sea" and "Amaala," which are among the world's most ambitious tourism projects, paving the way for a sustainable future.

DIRIYAH COMPANY JOINS THE WORLD TOURISM ORGANIZATION

Diriyah Company is now a proud member of the United Nations World Tourism Organization, highlighting its role as a premier cultural destination. As the birthplace of the first Saudi state, Diriyah showcases the Kingdom's rich heritage and has already attracted over one million visitors.

ALULA NAMED THE MIDDLE EAST'S BEST CULTURAL TOURISM VILLAGE

AlUla has been honored as the Middle East's Leading Cultural Tourism Project for 2023 by the World Travel Awards. This accolade reflects AlUla's unique cultural, historical, and natural diversity, supported by the Royal Commission's commitment to preservation.

NEOM INTRODUCES "LEYJA" AS THE NEWEST SUSTAINABLE TOURISM DESTINATION

NEOM unveiled Leyja, a cutting-edge sustainable tourism destination that spans from the Gulf of Aqaba coast to a valley nestled between 400m-high mountains. In line with NEOM's vision, 95% of Leyja will be a nature reserve, merging ecological design with the natural landscape.

CULTURAL, HERITAGE, AND ENTERTAINMENT

Since the launch of Vision 2030, Saudi Arabia has embarked on an ambitious journey to develop a vibrant cultural, artistic, and entertainment sector. Through a wide range of initiatives, the Kingdom is nurturing local talent, expanding artistic expression, and reinforcing Saudi Arabia's unique national identity. This flourishing sector is not only enriching the lives of Saudi citizens but also significantly enhancing the quality of life across the Kingdom.

SAUDI ARABIA REGISTERS ITS FIRST WORLD NATURAL HERITAGE SITE

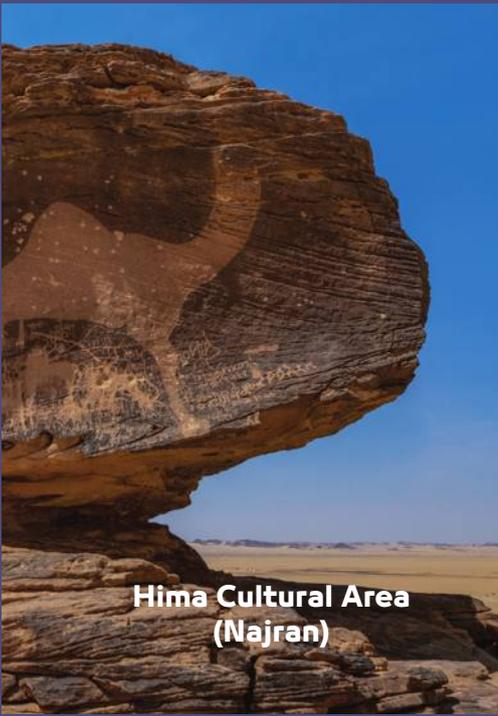

The Kingdom marked a historic milestone with the inclusion of the "Uruq Bani Ma'arid" Reserve on the UNESCO World Heritage List. This recognition, as Saudi Arabia's first natural World Heritage Site and its seventh overall, underscores the nation's commitment to preserving and sharing its rich cultural and natural heritage with the world.

Eidah shares her story

A SUSTAINABLE VISION

Sustainability has been at the heart of Vision 2030 since its inception. The Kingdom is focusing on restoring the ecological balance of its land and marine ecosystems for future generations. The Kingdom also emphasizes the sustainable use of natural resources, reflecting the strong cultural connection between Saudis and their environment.

Vision 2030 supports a diversified and interconnected approach to sustainability through various projects and initiatives aimed at expanding green spaces, building a green economy, and enhancing opportunities for eco-tourism. These efforts contribute to environmental conservation while supporting sustainable growth.

SAUDI GREEN INITIATIVE (SGI): LEADING THE CHARGE

SGI is instrumental in meeting climate goals, with a target of net-zero emissions by 2060. Through SGI, significant progress has been achieved, setting the stage for a more sustainable and environmentally friendly future.
